

To: sinclair broadcast group

Please do not distort our threatened democratic process by showing Stolen Honor, clearly a tawdry piece of propaganda. Lack of intelligence, analysis, truth-telling characterize this piece of film. The conversation so necessary for democratic process is not advanced but undermined when the public is given only propagandistic drivel. If you insist upon showing this movie, then you must, in interests of fairness balance it with a piece of pro-Kerry film. Otherwise, values enshrined in the first amendment are tradiced and you are abusing the public trust. Thank you for considering my opinion in our putative democracy.
